3 vials \$2,300 SAVE \$400

Anti-wrinkle Injections

Botulinum toxin treatment of wrinkles, headaches, sweating, bruxism, TMJ pain and slimming.

We charge per 'botox' unit so you only pay for what is required, rather than per area.

< 100 units \$15 per 'botox' unit: \$6 per 'dysport' unit

> 100 units \$12 per 'botox' unit: \$4.80 per 'dysport' unit

Note: the minimum cost for anti-wrinkle injections is \$200 to allow for the time required to perform the treatment.

Minor SURGERY

Non-surgical

1-2 lesions \$350

3-4 lesions \$550

5-6 lesions \$700

Surgical

from \$600 per lesion

Surgical cost is determined by the type, size, and location of the lesion. The cost includes local anaesthetic and suturing if required. It is preferred that you have a consultation prior to booking a procedure. A Medicare rebate may apply to partially offset costs.

*Removal of lumps, bumps, skin lesions, cysts, scars and skin tags.
Method of removal may include cryotherapy, cautery, punch biopsy,
shave excision or surgical excision.*

Our REVIEWS

Our reviews speak for themselves

Bianca C - Patient

"Dr O'Gorman is personable, knowledgeable and highly skilled with a keen eye and deft hand for cosmetic procedures. He keeps me looking and feeling awesome. I can't recommend him highly enough."

Charlie J - Patient

"Dr O'Gorman is always an absolute pleasure. His professionalism and knowledge is amazing. He has helped me to no end and I would highly recommend him to anyone."

Karin P - Patient

"I have never come across another doctor that truly cares for his patient's needs in every way possible. Michael's knowledge goes way past your normal doctor. His empathy and compassion, along with his vast knowledge of cosmetic medicine is amazing in every way."

Dr Michael O'Gorman

Cosmetic Physician

Dr Michael O'Gorman is one of the most sought-after aesthetic doctors in Australia

Dr O'Gorman is the third generation of his family to graduate from UCD's medical school in Ireland. Like his father and grandfather, he shares their passion for the delivery of medical services with care, respect, diligence, patience, and with a strong focus on the patient's needs and concerns. After graduating, he rotated through many specialities including medical, surgical, child health, obstetrics & gynaecology, psychiatry, and general practice. Having completed postgraduate qualifications in each specialty and achieving a deep medical knowledge, he then turned his eye to the field of cosmetic medicine.

Dr O'Gorman describes his brain as being visually focused, and this has allowed him to become expert in this field of medicine. His visual brain focuses on symmetry, contours, angles, and profiles. With a keen knowledge of the key anatomical anchor points, he is able to achieve more with less. This trademark approach, along with the safety of his procedures, has earned him consistently high patient satisfaction results.

For a natural enhancement, correction, or restoration, Dr O'Gorman truly is the cosmetic expert you can trust.
